The relaxation starts here!

End summer with a spectacular vacation on Siesta Key! An ocean breeze....great weather.....no crowds...no traffic.....no waiting in line at restaurants---and the water temperature is warm--generally in the high 80's! Get a floaty and chill out in the warm water. Our temperatures are perfect for beach activity! Don't forget, on hot days we have the **COOLEST SAND IN AMERICA**. While you may burn your tootsies on other beaches, not at the Sea Shell. Our powdery white sand is world renowned for being fine and cool.

Walk across the street to Captain Curt's or the Sneaky Tiki for dinner and a drink(s), live music and more. Summer isn't over yet--relax! Bring another couple or family for twice the fun! Call Dawn now and ask for this Internet special price while units are still available.
